(NYS EXAM FOR DETERMINING IMPAIRMENT LEVELS AND LOSS OF WAGE EARNING CAPACITY)

**WE CAN SEE THEM WITHIN 24 HOURS NOTICE AND GUARANTEE YOU
THE REPORT BY NEXT DAY!**

WHY WE ARE DIFFERENT FROM EVERYONE ELSE!

Cold Laser Therapy: We have the top rated outpatient Cold Laser unit in WNY which is used in the treatment of acute/chronic pain conditions through a safe, effective and painless manner. The conditions that we have had our largest success rates are: low back / neck dysfunctions, migraines, rotator cuff tears, carpal tunnel, Achilles tendonitis, plantar fasciitis, knee pain, tennis/golfers elbow, sinus infections. The dual wavelength allows our laser to be the only therapy laser that is able to penetrate up to 4 inches.

New Low Back / Neck Pain Protocol: Our new lumbar and cervical spine protocols use a very specific combination of **Spinal Decompression**, mobilizations in conjunction with Cold Laser, core stabilization exercises and a home program to correct the underlying cause and quickly return the patient to their prior level of function.

We are a family-oriented practice consisting of a highly-educated and professionally trained staff who utilize expert knowledge and techniques to create an ideal healing environment. We believe a genuine environment reflecting care, understanding and response to the needs of each patient will lead to the return of optimal health.

****We welcome your most involved and challenging physical therapy applicable patients****

****Our PT private pay rates range between \$25 - \$40 depending on the severity of the condition****

****All treatments listed above are covered under the physical therapy portion of the patient's insurance policy****

Flexible | Evening Hours - Caring Staff - We accept MOST insurances*

*we do not accept Fidelis, Empire, or straight Medicaid
